HOBBIES

- I love watching series with my wife, and spending quality time playing video games with my children.
- Practicing my management skills in other areas and personal projects.

CHRISTOPHER OSUNA ESCALONA

I am a Computer Systems Engineer with experience in software development and project management. I possess skills in programming, data analysis, system design, and databases. I graduated from the Instituto Tecnológico de Tijuana and worked at Clever Cloud for 7 months, where I completed my internship as a web developer.

WORK EXPERIENCE

Jun 2023 - Present — **Full Stack Web Developer**
Clever Cloud, Av. Paseo de la Reforma 296, Juárez, Cuauhtémoc, 06600 Ciudad de México, CDMX

My time at Clever Cloud has not only allowed me to consolidate my skills in front-end development and user interface design but has also strengthened my ability to approach projects comprehensively, combining a deep understanding of technical requirements with a strategic vision of business objectives.

EDUCATION

2018 - 2024 — **Computer Systems Engineer**
Instituto Tecnologico de Tijuana, Tijuana
